## PROFILE

★ Heshan Fugang Outdoor Products Co., Ltd. is an enterprise integrating production, export and domestic sales. It was founded in 2009 and is located in Taoyuan Town, Heshan City, a town specializing in tent manufacturing. The factory covers an area of about 20,000 square meters and has about 150 employees.

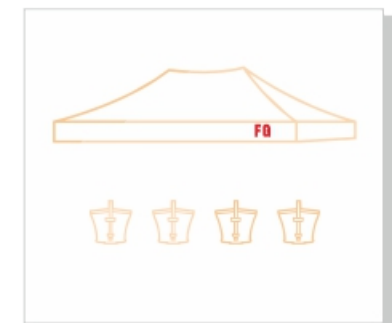

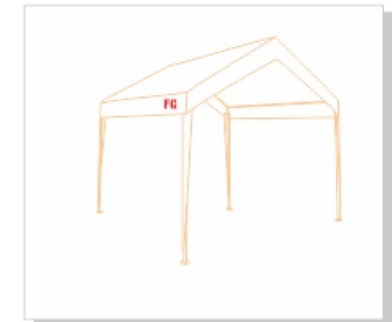

★ We specialize in the production of outdoor products, including folding tents, car tents, sun umbrellas, small umbrellas, etc., which are mainly suitable for outdoor activities, advertising, etc. In order to meet the changing needs of customers, we continue to innovate, increase product types and improve product quality on the basis of our original solid products. We have established good cooperative relationships with many domestic and foreign companies and have exported our products to Europe, America, and Southeast Asia, the Middle East and other countries and regions.

★ We always adhere to the principle of "quality first, customer first" and treat production and management strictly. The factory has passed Sedex and ISO9001 to ensure that we provide the best services and products to our guests.

★ Our goal is to continuously improve the quality of our products and open up more markets. Here we warmly welcome customers from all over the world to visit our factory and create long-term win-win cooperation.

### Premium Riplock Fabric

The gazebo canopy is made of riplock material, which is more durable than normal fabric, not easy to be teared by bad weather, designed to keep you covered all season long.

**01** Place shelter in center of area to be sheltered. Remove cover, have 2 people stand on opposite site sides. Grasp two outer legs, lift off of ground and step backwards stopping at arms length.

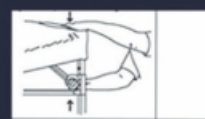

**02** Grasp the bottom of the diamond (shown), on opposite sides. Lift up, and step backwards until shelter is fully opened, being careful not to pinch fingers.

**03** Each person should move to middle leg of 20 side. Grasp at bottom of diamond (shown), lift up and step back-wards at the same time until shelter is fully opened, being careful not to pinch fingers at end of truss.

**04** Engage the auto slider at each corner by pushing up with one hand while holding down top of leg with the other hand. Snap Button with engaging in groove. Repeat on all other legs.

**05** Lift two adjacent outer legs up and pull out the inner legs until snap locks. Repeat on all legs. Raise or lower the shelter using adjustment holes found near bottom of each outer leg.

### IMPORTANT

**WINDY CONDITIONS:** Use stake kit or weight bag set.

**HEAVY WIND:** Take Shelter down.

**WET FABRIC:** Let shelter dry before closing.

**STORAGE:** Use cover bag when not in use.

**CLEANING:** Use mild detergent and water.

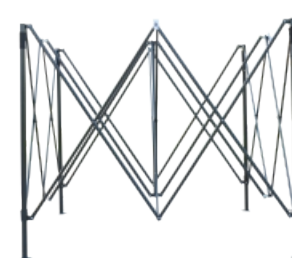

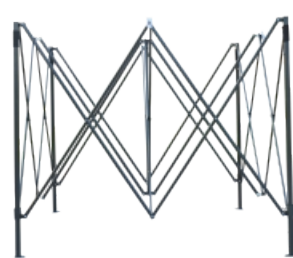

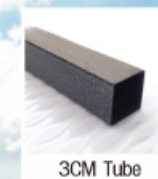

**RAIN:** Do not leave shelter unattended.

## Customer Reviews

**★★★★★ Amazing weather-capable canopy**  
Reviewed in the United States  
We did a festival and this canopy from Amazon was not just a good choice, but a great one. We used it for the last year for the best while we were selling, and we had it during the festival year and purchased it for our church. It's a 10x10 canopy and it's a great accessory to attach the bright orange color in our church. It's a great if you pick a color that fits your theme. We had ABCCanopy there, much darker but the canopies were amazing. High quality, nothing I had to have 2 more.

**★★★★★ High quality & sturdy canopy**  
Reviewed in the United States on July 21, 2021  
We purchased this to replace an older 10x10 Ezy brand commercial canopy and choosing it was a great choice. The frame is solid, and we really like the finish as opposed to the white frame on our old one. We used all of the color choices & the fact that the 10x10 doesn't require a lot of legs.

The frame is heavy, but I feel that's a good thing to help with longevity and to help withstand winds.

The travel bag seems sturdy and I appreciate that it fits in a 50 lb box and I feel the wheels are larger than the ones on our old one.

I don't plan on using the weight bags I saw that they included. Instead, we attached straps with anchors that spiral the ground and use one for a leg. We have used this method for years and had no issue.

**★★★★★ Quality canopy**  
Reviewed in the United States on June 1, 2021  
Easy to assemble, total time 1.5 hrs. Very sturdy. We put it on the bottom for safety when it winds and to fit the specific to heavy with it and the shade allow us to enjoy summer in even more.

**★★★★★ Great**  
Reviewed in the United States on September 30, 2021  
I love the color, looks perfectly with my site. I haven't faded so far. It's a great choice. I don't plan on using the weight bags I saw that they included. Instead, we attached straps with anchors that spiral the ground and use one for a leg. We have used this method for years and had no issue.

**★★★★★ Outdoor Umbrella**  
Reviewed in the United States on September 30, 2021  
This umbrella is perfect. I bought it for my patio table and it looks beautiful and like the best for what you need. So far it hasn't faded so far. It's a great choice. I don't plan on using the weight bags I saw that they included. Instead, we attached straps with anchors that spiral the ground and use one for a leg. We have used this method for years and had no issue.

**★★★★★ So much more**  
Reviewed in the United States on June 9, 2021  
This is a beautiful, sturdy, heavy-duty, weather-resistant, and I don't plan on using the weight bags I saw that they included. Instead, we attached straps with anchors that spiral the ground and use one for a leg. We have used this method for years and had no issue.
